*General Elaborates on Charge***THE WESSIN 'BRIBE'**

SANTO DOMINGO, Sept. 9 (AP)—The account of an alleged United States \$20,000 bribe offer told by Gen. Elias Wessin y Wessin, leader of Government forces against Dominican Republic rebels in the early days of the revolt, was the subject of speculation again today. Gen. Wessin added yesterday that U.S. Embassy spokesmen had promised he "would lack for nothing" if he left the disturbed country.

The General, who has declared he refused an overly-generous offer of \$50,000 for his home made by U.S. officials, amplified the story in a meeting with reporters at San Isidro Air Base. He told them he had been approached four times by U.S. envoys, the most recent visit being made last week. Gen. Wessin asserted that he was offered military attache posts in Paris or Madrid and again declined to accept the proposition.

No immediate comment was available on Gen. Wessin's story at the U.S. Embassy where it was said that a statement may be forthcoming later. Rebel leaders have sought to get Wessin out of the country but the General has insisted he would neither retire from the

Army nor leave until the Dominican situation was normal. It was said that his retirement or transfer abroad is planned by the Provisional Government headed by President Hector Garcia-Godoy. Rebel leaders and sympathizers are demanding the removal of Wessin, 42, claiming he ordered the bombing of innocent civilians at the height of the Dominican fighting last April. Wessin has said only rebel military positions were

attacked. Top rebel officials recently have said the success of the civilian disarmament program under the Organization of American States' peace formula depends on Wessin's future status. The disarming of civilians in the rebel zone is reported to be at a standstill.

Talking to reporters at his headquarters, the General declined to reveal the identity of the two persons involved in the first two attempts because, he said, he held them in the highest esteem.

The persons calling him last week, he said, were David Phillips, who he identified as an agent of the Central Intelligence Agency, and Lt. Col. Joseph William Weyrick, Army attache.
